

Shipping & Delivery Timelines

Expected delivery windows by shipment type, city tier, and fulfilment method.

Document ID	KB-DEL-001	Version	v4.0
Owner	Logistics Operations	Last Updated	18 Sep 2026

1. Standard Delivery Timelines

Fulfillment Method		City Tiers
Daraz Fulfilled (DFC)	Standard	1–3 business days (house stock)
	Express	1–2 business days
Seller Fulfilled (SFC)	Standard	3–5 business days
	Express	1–2 business days
Cross-border	Standard	7–10 business days
	Express	4–6 business days
Large/Heavy Items	Standard	6–10 business days
	Express	3–5 business days (appliances, furniture)

2. Order Processing Before Dispatch

Orders are typically processed and handed to the courier partner within 24–48 hours of confirmation, depending on seller processing time and stock location. Orders placed during major sale campaigns (e.g. anniversary sale, 11.11, 12.12) may experience 1–2 additional processing days due to higher volumes.

3. Factors That May Delay Delivery

- Severe weather conditions or public holidays affecting courier operations.
- Incomplete or incorrect delivery address provided at checkout.
- Failed delivery attempts due to recipient unavailability.
- Customs clearance delays for cross-border shipments.
- Regional security or transport disruptions.

4. Delivery Attempts

Couriers make up to 3 delivery attempts for a standard order. If all attempts fail, the package is returned to the nearest sorting hub and the customer is notified to reschedule or the order is cancelled with a refund initiated per the refund policy.

5. Order Tracking

- Tracking updates are available under “My Orders → Track Order”.
- SMS and push notifications are sent at dispatch, out-for-delivery, and delivery confirmation.
- Tracking numbers become active within 12–24 hours of handover to the courier partner.

Note: Delivery timelines are estimates and not guaranteed delivery dates unless the order was placed under an Express Delivery service, which carries its own SLA.

This is a sample/demo policy document generated for knowledge-base and chatbot training purposes. It is illustrative content, not an official Daraz publication.
