

Cash on Delivery (COD) Policy

Eligibility, limits, and operational rules for cash-on-delivery orders.

Document ID	KB-PAY-002	Version	v2.4
Owner	Payments & Fintech Team	Last Updated	21 Jun 2026

1. COD Eligibility

COD is offered by default on most listings unless the seller has opted for prepaid-only sales or the delivery address falls outside COD-serviceable zones. Eligibility is confirmed at checkout based on product, order value, and delivery address.

2. COD Order Value Limits

Customer Type		COD Limit
New Customer	First 10 orders	Up to PKR 15,000
Verified Customer	Based on order history	Up to PKR 20,000
High-Value Customer	Prepaid or partial advance	Up to PKR 30,000

3. Repeated COD Refusal

- Accounts with 3 or more refused COD deliveries within 60 days may be restricted to prepaid payment methods only.
- Restriction notices are sent via SMS/email and can be appealed through Customer Support.
- Sellers may set their own refusal thresholds for high-value or made-to-order items.

4. Handling COD Refunds

Since no card or bank record exists for a COD transaction, refunds for COD orders are issued as Daraz Wallet credit by default, with an option to request a direct bank transfer refund by submitting verified bank account details through the Help Centre.

5. Agent/Courier COD Handling Rules

- Couriers must provide a printed or digital receipt for every COD payment collected.
- Exact change should be available; couriers may accept mobile wallet payment as a COD alternative at the doorstep where supported.
- Any COD collection discrepancy must be reported to the logistics partner within 24 hours.

This is a sample/demo policy document generated for knowledge-base and chatbot training purposes. It is illustrative content, not an official Daraz publication.
