

Return Eligibility Policy

Rules governing which orders qualify for return, and applicable return windows by category.

Document ID	KB-RET-001	Version	v3.2
Owner	Customer Experience Team	Last Updated	12 Sep 2026

1. Overview

Customers may request a return for most items purchased on the platform within a defined return window, provided the product meets the eligibility conditions listed below. Return windows vary by product category due to differences in product lifecycle, hygiene requirements, and manufacturer terms.

2. Standard Return Window by Category

Category	Return Window	Conditions Required
Fashion & Apparel	30 days	Items must be unworn, original tags attached, original packaging
Shoes & Bags	45 days	Original box included, no damage to leather or structure
Electronics	7 days	For manufacturing defect only, must be in original sealed box
Home & Living	15 days	Original packaging, no stains or damage
Beauty & Skincare	14 days	Sealed, unopened, no tampering
Grocery & Perishables	Not eligible for return	
Large Appliances	30 days	Defective items only, technician visit required

3. Items Not Eligible for Return

- Products marked “Non-Returnable” on the product detail page at time of purchase.
- Innerwear, swimwear, and pierced jewellery, for hygiene reasons.
- Customised, personalised, or made-to-order items.
- Products with a removed or damaged security seal, IMEI sticker, or warranty label.
- Free promotional items or bundled gifts received with an order.
- Digital goods, vouchers, and top-ups once redeemed.

4. Conditions for a Valid Return

- The item must be unused, unwashed, and in its original condition.
- All original tags, labels, and accessories must be included.
- The original packaging and invoice/order slip should be returned along with the product.
- For electronics, all accessories (charger, cables, manual, warranty card) must be present.

5. Defective or Wrong Item Received

If a customer receives a defective, damaged, or incorrect item, the standard category return window does not apply. Such cases must be reported within 48 hours of delivery through the Help Centre, and photo or video evidence of the issue should be attached to the request to speed up verification.

Note: Return eligibility is assessed automatically at the time a return request is raised. If a system override is required (e.g. goodwill exception), it must be approved by a Customer Experience team lead and logged in the case management system.
