1. Return Window

Q: How many days do I have to return an item?

A: Most items can be returned within 7–14 days of delivery depending on category; the exact window for a given product is always shown on the product detail page and in the Return Eligibility Policy.

2. Proof of Purchase

Q: Do I need the original invoice to return an item?

A: The order ID is required for every return; it is used to look up the order automatically, so a printed invoice is not strictly required unless requested for a specific case.

3. Change of Mind

Q: Can I return an item just because I changed my mind?

A: Yes, for most categories, as long as the item is unused, in original packaging with tags attached, and within the applicable return window. Delivery charges are non-refundable for change-of-mind returns.

4. Damaged or Wrong Item

Q: I received a damaged or wrong item — does the normal return window still apply?

A: No. These cases should be reported within 48 hours of delivery with photo/video evidence, and are handled outside the standard category return window.

Note: For full eligibility rules and the step-by-step return process, see the Return Eligibility Policy and Return Process Guide in this same folder.
